EDUCATION

NYSS DATTA MEGHE COLLEGE OF ENGINEERING

B.E IN INFORMATION TECHNOLOGY

Jun, 2019 - May 2023 | Airoli, Navi Mumbai
CGPA : 9.21

NEW ENGLISH SCHOOL & JUNIOR COLLEGE

12th SCIENCE | [View](#)

MAY 2019 | Thane, Mumbai

PERCENTAGE : 78.77

SKILLS

TECHNICAL SKILLS

Proficient In :

JavaScript (ES6) • Python 3 • Typescript • Go • Java
C++ • HTML5 • CSS3 • ReactJS • NextJS • MERN
RestAPI • NodeJs • Mongoose • MongoDB • SQL
PostgreSQL • Firebase • Linux • Git

SOFT SKILLS

Excellent :

Leadership • Motivator
Problem Solver • Active Listener

CODING PROFILES

[Leetcode](#) 250+ | [Codewars](#) 4 KYU | [HackerRank](#)

CERTIFICATES

JAVASCRIPT | HACKERANK | [BASICS](#)

[INTERMEDIATE](#) | May - Jul, 2021 | Mumbai

It covers topics like, Functions, Currying, Hoisting, Scope, Inheritance, Events and Design Patterns.

GO | HACKERANK | [BASICS](#)

Sep, 2021 | Mumbai

It covers topics like language features of Golang, data structures, arrays, maps and interfaces.

REACT | HACKERANK | [BASICS](#)

May, 2021 | Mumbai

It covers topics like Routing, Rendering Elements, State Management, Events, Form Validation.

PROBLEM SOLVING | HACKERANK

[BASICS](#) | May, 2020 | Mumbai

It covers basic topics of Data Structures (Arrays, Strings) and Algorithms (Sorting and Searching).

PYTHON | HACKERANK | [BASICS](#)

Jul, 2021 | Mumbai

It covers topics like Scalar Types, Operators, Control Flow, Strings, Collections, Modularity.

WORK EXPERIENCE

BITLEAF TECH INDIAN RAILWAYS | FULL-STACK WEB DEVELOPER

Jun, 2022 - Present | Mumbai

- Built an interactive system for real time monitoring of train's movements and report generations.
- Designed user interface for data visualization through elegant graphs.
- Built Back-end API and Integrated it with Front-end for continuous data flow and processing
- Implemented functionality for real time data fetching, processing and producing dynamic reports upon every train journey.

BITGLAZE | FRONT-END WEB DEVELOPER | [View](#)

Oct, 2021 - Feb, 2022 | Nashik, Mumbai

- Built and designed responsive dynamic dashboards for clients.
- Implemented interactive data visualization system.
- Designed Entity-Relationship Diagrams generator like db-diagram.
- Tested and deployed components to storybook.
- Built interactive query builder User Interface to generate complex queries.

TECHNICAL PROJECTS

CODIGO | BACK-END DEVELOPER | PROJECT MANAGER | WEB APPLICATION | [View](#)

Oct, 2021 | Thane, Mumbai

- Built MERN stack Web Application for end users to stream programming courses and compile their code online.
- Designed Back-end REST API and implemented various functionalities like logins/sign-ups, OTP service, quizzes, certificate emailing functionality upon completion of course.
- Designed Course cards, dashboard, and Implemented various routes/endpoints to handle different scenarios.
- Taught programming courses on various languages and frameworks.

PATHFINDING VISUALIZER | WEBSITE | VERCEL | [View](#)

Jan, 2021 | Thane, Mumbai

- Built ReactJS Application featuring how path finding graph algorithms works
- Implemented BFS (Breadth First Search) and DFS (Depth First Search)

SORTING VISUALIZER | WEB APPLICATION | GITHUB | [VIEW](#)

Aug, 2020 | Thane, Mumbai

- Built a VanillaJS website featuring various Sorting Algorithms.
- Visually shows how sorting works by computer.
- Implemented Bubble Sort, Insertion sort, Selection sort, Quick-sort.

MINI | PYTHON VOICE ASSISTANT | [VIEW](#)

Jan, 2021 | Thane, Mumbai

- Implemented a voice assistant as well as Intelligent search Engine.
- Performs day to day tasks like messaging a friend, arrange a google meet, take a selfie, make/read notes, etc.
